

When is the event?

January 16th and 17th. The competition will occur on the 16th (Saturday), while most of the judging will occur on the 17th(Sunday)

How will the competition be hosted?

The competition will be hosted using a combination of both Microsoft Teams and Zoom.

How can I compete at QEC?

Sign up through the google form that is available on the front page of our website or on our Instagram. Make sure that you have an idea of which competition you want to participate in

How do I form a team?

Many of our competitors come with a team in mind and can sign up with their desired team in the sign-up form. If you do not have a team, no worries, we will find a team for you. Just leave a little description of yourself and your strengths to help us form a team for you.

Who is allowed to participate at QEC?

Although it is called the Queens engineering competition, only half of each competing team is required to be in an engineering program. This is standardized between all engineering competitions in Canada.

Can I participate in more than 1 competition?

Unfortunately, you can only participate in one of eight competitions. Each competition is packed with its fair share of work so one competition will be plenty of work.

Why do I need to provide my address when signing up?

By providing your address, you will now be able to receive prizes and merch that we are giving away to all competitors. For non-Kingston addresses, we will be shipping the prizes and merch directly to your door.

What happens if I win my competition?

There will be prize money awarded to teams, as well as the opportunity to represent Queens at the Ontario Engineering Competition. The prizes at the Ontario Engineering Competition are in the thousands of dollars, and is a great way of showing off your engineering skills
